## LOVE OF FRIENDSHIP

NOT ALL LOVE COMES WITH ROSES RED,  
OR WHISPERED WORDS AT NIGHT IN BED.  
SOME LOVE WALKS IN WITH MUDDY SHOES,  
AND LAUGHS WITH YOU THROUGH WIN OR LOSE

IT DOESNT ASK FOR GRAND DISPLAY  
JUST SHOW UP ON YOUR HARDEST DAY  
IT BRINGS YOU TEA WHEN TEARS WONT END  
THE QUIET,HEALING LOVE-A FRIEND

On this day, the PGBH boarding house came alive with laughter, music, and heartwarming moments. The hall shimmered, sang, and savored delicious food. # "FLAVORS OF HOME: A Boarding Cook-Off"

July 13, 2025

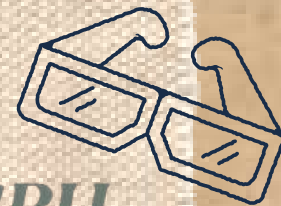

In a delightful culinary venture, our some Class 12 students of PGBH hostel donned the aprons and took over the school mess with passion and flair. With sizzling pans and joyful spirits, they prepared mouthwatering Fried Rice and Honey Chili Potatoes, transforming the kitchen into a space of learning and creativity. On 24th July, Class 12 once again took charge of the 2nd Mess kitchen, serving delicious garlic bread, spicy noodles, and chilled cold coffee. This hands-on experience not only sharpened their culinary skills but also reflected the spirit of teamwork, leadership, and learning beyond the classroom.

# "SWEET TRUTH: UNWRAPPING SUGAR AWARENESS"

July 21, 2025

## Is Sugar Sweet or Bitter?

This thought-provoking question set the tone for our Sugar Awareness Campaign held in the school hall, led by the insightful Dr. Rimjhim Shrivastava. With clarity and compassion, she unfolded the hidden truths behind daily sugar intake — its silent impact on our health and well-being. The session sparked awareness, inspired mindful choices, and left us with a deeper understanding of how something so sweet can carry a bitter cost.

# "THINK-A-THON TUESDAYS"

*Each Tuesday, we are fortunate to be guided by our pastoral teacher. Her sessions include engaging psychology-based games like memory activities and thought-provoking exercises. These moments not only entertain us but also enrich our understanding of the mind. We value her presence and the meaningful lessons she shares with us.*

# THE THOUGHT FORUM

At PGBH, one of the most enriching traditions is our weekly pastoral session — a quiet yet powerful space where minds awaken and voices rise. Guided by a compassionate teacher, we delve into discussions that go far beyond classroom boundaries. These aren't just debates — they are conversations that challenge our thinking, nurture empathy, and open our eyes to the world beyond our own.

Each session is a journey — through ideas, perspectives, and emotions. We explore current events, moral dilemmas, and philosophical questions, learning to express ourselves with clarity and confidence. Most importantly, we learn to listen — not just with our ears, but with understanding.

These moments become more than just an activity; they become a reflection of who we are becoming. With every dialogue, we grow — as thinkers, as speakers, and as human beings.

In this space, debate becomes art, and expression becomes a path to self-discovery.

## "FLORAL WHISPERS ON WORN THREADS"

*In a creative corner of our boarding house, guided by our pastoral mentor Ms. Meenu Tiwari, we printed real natural flowers onto waste cloth – turning forgotten fabrics into stunning pieces of art. With joy and curiosity, we designed beautiful bags, pouches, and pillow covers. Each print captured nature's charm, and the experience blended sustainability with creativity. It was a day filled with learning, laughter, and blossoming imagination.*
