### A Shooter

Hello, I am a shooter and that is why I have faced many troubles. But I made it my hobby, and since last year I have been practicing shooting. I even went to IPSC and won a bronze medal. At first, it was very hard, but I worked hard and finally won a medal.

I chose shooting because my father and I often take a rifle and practice shooting at targets. My father encouraged me to make shooting my passion. He also told me that in RKC Shooting I am very popular, so I came to RKC to improve my skills.
