Back to School: New Beginnings, Fresh Energy

After two months of sunshine, travel, rest, and relaxation, the school corridors are once again filled with laughter, chatter, and the familiar sound of footsteps rushing to classes. The summer vacation may have offered us a break from routine, but now it brings with it something equally exciting—the chance to begin again.

A new academic term is not just a continuation of the previous one; it is a fresh chapter waiting to be written. Each student returns with new experiences, stories, and memories from their break. Whether it was time spent with family, exploring new places, developing hobbies, or simply enjoying quiet days at home, these moments shape us in ways we often don't realize. But what makes coming back truly special is the buzz of school life itself. The corridors once again echo with friendly greetings, shared laughter, inside jokes, and the excitement of meeting friends after a long break. The playground becomes lively with games, teamwork, and friendly competition, while classrooms are filled not just with lessons, but with curiosity, discussions, and cheerful energy.

School is also a place where fun finds its own space—be it celebrations, club activities, house competitions, assemblies, or those unexpected moments of joy during group work. These experiences remind us that learning is not limited to books; it is deeply connected with enjoyment, creativity, and participation.

As we step into this new term, it is a time to reset our goals and also to rediscover joy in everyday school life. Let us aim to be more focused in our studies, but also more involved in the vibrant life of the school—sports, arts, debates, music, and all the little moments that make school memorable.

Mistakes from the past are lessons, not limits. What matters most is how we choose to move forward—with enthusiasm, kindness, and a spirit of participation.

To all students returning after the summer break: welcome back! May this term bring not only success and learning, but also laughter, friendships, and plenty of fun-filled memories.

Ms. Chitwan Singh
Headmistress

MY SUMMER VACATION

Summer vacation is the happiest time of the year for me. It is a long break from school, and I enjoy it very much. During my vacation, I visit my grandparents' house. I play with my cousins and listen to interesting stories told by my grandparents.

Every morning, I wake up early and go for a walk. In the afternoon, I stay indoors and read storybooks or watch cartoons. In the evening, I play outdoor games with my friends.

I also help my parents with household chores and learn new skills like drawing and cooking. Summer vacation gives me time to relax, have fun, and spend quality time with my family. It is my favourite time of the year, and I always look forward to it.

JANUARY

January is the first month of the year. We all start the new year with new hopes, energy, and many resolutions. January is a special month as it brings many celebrations with it. Festivals like Lohri, Makar Sankranti, Pongal, and Republic Day are celebrated in the month of January.

Every festival is celebrated with joy, faith, culture, and togetherness. Festivals play a very important role in our social and cultural life. They teach us love, respect, and harmony.

Lohri

Lohri is a harvest festival mainly celebrated on 13 January. It is very important for farmers.

Makar Sakranti

Makar Sankranti is celebrated on 14 January. It marks the day when the Sun enters Capricorn, which signifies the beginning of longer days. It is known by different names in different states, such as Pongal, Uttarayan, Magh Bihu, and Khichdi.

Republic Day

Republic Day is celebrated on 26 January and is a national festival of India. Our Constitution came into force on this day. It reminds every citizen of their rights and duties towards the country.

SUMMER CAMP

Who can think of summer without a summer camp? Here we are with our exciting Summer camp filled with fun, learning and unforgettable memories!

I opted for the chess class for the summer camp at my school. This was my first time learning chess. Our ma'am and sir taught us rules so well, which helped us a lot in playing and competing with others. We really had amazing classes and lots of learning.

SUMMER CAMP

For the last four years, I have been attending the summer camp organised by RKC. It has many exciting activities like swimming, football, horse riding, and basketball. Our swimming classes started at 6 a.m. every day. All the coaches were very punctual and helpful. The swimming pool was always clean and well-maintained.

The teachers taught us different swimming strokes. They made sure that every child learned properly. I enjoyed all the activities and made many new friends. I learned the importance of discipline. The camp helped me become more confident and active. The summer camp was a fun and memorable experience for me.

Sanvi Partani

Class V A

1. I learnt swimming and football.
2. I like football and swimming, but I like football more than swimming.
3. I learnt lots of new things from the teacher and elders.
4. I enjoy and learn lots of things, and I see lots of greenery.
5. Next time, I will again join the summer camp.

The school is buzzing with excitement as students rehearse for their dance. Everyone is giving their best to make their performance grand.

I am participating in PTM. I love dance. Our class teacher makes us learn new steps every day. I enjoy our practice session.
Shambhavi Haritwal
Class II A

I would like to share that I have participated in the PTM Dance Program at our school, Rajkumar College. I am really enjoying dancing, and it has been a wonderful experience. Our dance performance is full of fun and laughter; we want to bring smiles to everyone's faces and fill their lives with joy and happiness. All my friends and I are having a great time practising and performing together. These are some of the most memorable days of my life, and I will always cherish them.
